Journal American Association of Nurse Anesthetists Volume XLI 1973 Index of Subjects and Authors

A

Abstracts, 65, 145, 235, 340, 439

Acupuncture (abstract), 146; modern China, 138

Adriani, John: Nurse Anesthetists and the Law, 307

Althesin, comparison with thiopentone (abstract), 235; new intravenous anesthetic (abstract), 236

American Association of Nurse Anesthetists: call to the convention, 252; instructions to authors, IBC; officers, IFC; preliminary convention program, 247; public relations survey results, 297; tentative calendar of future meetings, 466

Anesthesia, for cardioversion (abstract), 235; for endolaryngeal surgery (abstract), 343; for intracranial aneurysms (abstract), 445; for renal transplants (abstract), 340; for traumatic transection (case report), 228; in severe trauma, 53; ketamine for induction, 37; legal aspects of, 407; metabolism of halothane (abstract), 440; myocardial infarction following (abstract), 147; sickle-cell haemoglobin and (abstract), 244

Arbulu, Agustin: Post-tracheostomy Tracheal Stenosis, 119

Arrhythmias, interpretation of, 391

B

Blood loss, during Guillotine tonsillectomy (abstract), 239; estimation of (abstract), 152

Boggan, Earl: Endotracheal Intubation Using A Fiberoptic Bronchoscope, 61

Book Reviews: Anaesthesia Equipment: Performance, Classification and Safety, 157; Anesthesia and Pharmaceutics, 71; Anesthesia in Thoracic Surgery, 245; The Anesthesiologists Handbook, 71; Descriptive Medical Electronics and Instrumentation, 350; Fundamentals of Anesthesia Care, 70; Fundamentals of Respiratory Therapy, 246; General Anaesthesia, Volume One (Basic Sciences), 155; General Anaesthesia, Volume Two (Clinical Practice), 155; Infections and Sterilization Problems, 156; International Symposium on Malignant Hyperthermia, 158; Management of Patient for Radical Cancer Surgery, 157; Monitoring Central Venous Pressure, 351; Monitoring in Anesthesia, 352; A Nurse's Guide to Anesthetics, Resuscitation and Intensive Care, 245; The Neurophysiological Background for Anesthesia, 246; Obstetric Nursing, 70; Paramedical Pathology—Fundamentals of Pathology for the Allied Medical Occupations, 155; Pathological and Pharmacological Considerations in Anesthesiology, 352; Pediatric Anaesthesia Handbook, 352; Pharmacology in Nursing, 71; Principles and Practice of Obstetric Anaesthesia, 156; Problems of the Upper Airways, 156; Recent Advances in Anaesthesia and Analgesia, 351; Resuscitation of the Newborn Infant, 350; Self-Assessment of Current Knowledge for the Nurse Anesthetist, 69; Tracheostomy and Artificial Ventilation in the Treatment of Respiratory Failure, 69; Understanding Electrocardiography Physiological and Interpretive Concepts, 70; Wright's Veterinary Anesthesia and Analgesia, 350

Brown, Laurie L.: Management of Tracheal Stenosis, 541

Bupivacaine hydrochloride, evaluation of (abstract), 345

C

Calendar of Events, 85, 171, 265, 368, 463, 551

Carbon dioxide, action on local anesthetic agents (abstract), 439

Cardiac arrhythmias, treatment for (abstract), 238

Central venous catheters, complications with (abstract), 149

Cerebral tissue hypoxia (abstract), 348

Chadwick, David A.: Halothane, Et Al, 1973, 201

Chloroform parties (abstract), 443

Cholinesterase, 207; differentiation by succinyldicholine (abstract), 439

Classified Advertisements, 72, 159, 253, 353, 447, 553

Collins, Jack R.: Traumatic Transection of the Tracheal Anesthetic Management: A Case Report, 228

Collins, Vincent J.: The Rights to Die: Limits of Medical Responsibility In Prolonging Life, 27

Corts, Florence E.: Management of Tracheal Stenosis, 541

Cyclopropane, for renal transplants (abstract), 340

D

Death, limits of medical responsibility to, 27; the right to, 27

Del Pizzo, A.: A New Look at Respiratory stimulants, 411

Diazepam, cardiopulmonary effects of (abstract), 240; for premedication in children (abstract), 441

Diethyl ether, toxicity of (abstract), 341

Droperidol, use in minor gynecological procedures, 211

Dung, H.C.: Modern Chinese Acupuncture, 138

E

Electrocardiogram, interpretation of, 391

Emergency care, responsibility for (abstract), 67

Endotracheal intubation, fiberoptic bronchoscope used for, 61

Enflurane, clinical evaluation (abstract), 150; 152; 515

Equipment, connections for (abstract), 153; sterilization of, 421

Ernst, Frederick W.: Abnormal Response to a Muscle Relaxant: A Case Report, 432

Ethanol, respiratory effects of (abstract), 444

Ethrane, see enflurane

Expanding role, of nurse anesthetist, 333; suggestions for improving your curriculum, 531

F

Fentanyl, use in minor gynecological procedures, 211

Fiberoptic bronchoscope for endotracheal intubation, 61

Fluothane, see halothane

Fluroxene, toxicity of (abstract), 341

G

Giesecke, A. H., Jr.: Pseudocholinesterase, How It Influences Us and How We Influence It, 207

Guillotine tonsillectomy, blood loss during (abstract), 239

Gynecological procedure, use of innovar in, 211

H

Halothane, 201; metabolism of (abstract), 440; toxicity of (abstract), 341

Heart, effects of diazepam (abstract), 240; interpretation of, 391; treatment for (abstract), 238

Histamine release (abstract), 148; following propanidid and thiopentone (abstract), 148

Hospital, responsibility for emergency care (abstract), 67

Hyperkalemia, following succinylcholine (abstract), 237

Hyperventilation, cerebral metabolic effects of (abstract), 346

Hypotension, cerebral metabolic effects of (abstract), 346

I

Innovar, see droperidol; see fentanyl

Insurance, 63, 143, 233, 338, 437, 549

Intracranial aneurysms, anesthesia for (abstract), 445

Intracranial pressure, effects of nitrous oxide on (abstract), 348

Intravenous infusion, incidence of phlebitis (abstract), 65

Isoflurane, toxicity of (abstract), 341
